Hello everyone,

I just received a call from SLO Solano (included in this email) regarding homeless encampment issues at the Mid-Valley Regional Library, located at 16244 Nordhoff St, North Hills CA 91343, Devonshire division, CD 12. Officer Solano stated that Commander Choi advised her to reach out to us/UHRC with this issue.

Officer Solano will "reply all" to this email with current photos, exact encampment locations and a recap of what's been going on at this location, but in short - health hazards have been steadily increasing here, and there has been at least instance of battery involving a homeless individual and a library employee. Officer Solano would like for us to push for a prioritized cleanup at this location as several 311 requests have not resulted in any cleanup action as of yet.

I was advised that the encampments are mostly on the library property, which is LA City-owned, and that some may be on some park land directly south of the library, which may be maintained by Recreation and Parks (Dana, could you confirm this?).

As of now, there are no CSLA cleanups scheduled for this area per AMS.

Once Officer Solano sends us photos and encampment locations, we will discuss and begin a plan of action to address this area, whether with HOPE and/or a full CSLA cleanup.

Thank you to everyone for your assistance in this!
